# Quantum Key Distribution (QKD) makes data safe now and in the future.

- ✓ Solution based on quantum physics
- ✓ Suitable for long-term data protection/confidentiality
- ✓ Immediately detects security breaches
- ✓ Higher technical barrier

## 20 YEARS OF EXPERIENCE, INNOVATION AND TRUST.

Based on 14 years of commercial deployment and customer feedbacks, IDQ's QKD products are used by governments and enterprises in more than 60 countries and on every continent.

The **XG Series**  
provides the highest level of trust for  
future-proof data protection.

- ✓ Smaller footprint
- ✓ Higher Value
- ✓ Easy to operate
- ✓ Easy to integrate

Available now.
